

## Addenda for Clarification

- 7.1.03** There is no intent to limit the content of proposals. Offerors may include any information deemed pertinent in addition to that outlined below. Failure to provide all required information may result in the proposal being non-responsive. If your proposal includes any information or materials other than the information requested in the Request for Proposal, you are to include this information as a separate appendix to your proposal.

Please note that all interested vendors are welcome to apply for this proposal. Equipment deviating from the original equipment detailed in this submission must be submitted by following the instructions below.

- Equipment must meet 95% of the equipment criteria detailed in the RFP.
- The RFP consists of 516-line items specific to the equipment category. 26 equipment items may be considered for alternatives with this submission.
- Use an agency letterhead/document for your request.
- Detail Section Number
- Detail Original Equipment
- Detail Alternate Equipment
- Provide a detailed explanation of alternate equipment.

### Example of Alternate on Agency Letterhead

#### Reference Section 1.1.00

- Original Equipment: Enter the equipment detailed in original submission.
- Alternate Equipment: Enter the alternate equipment and a detailed explanation here. Give specific examples explaining the alternate equipment.
